Height: 11.3in (288 mm), Width: 3.0in (77 mm), Depth: 3.8in (98 mm)

Machine and stand dimensions

Height: 10.5in (267 mm), Width: 5.3in (136 mm), Depth: 10.8in (275 mm)

Stand only dimensions

Height: 7.6in (193 mm), Width: 5.3in (136 mm), Depth: 6.9in (176 mm)

dyson supersonic

Electrical

Input voltage/Frequency: 120V / 60Hz

Motor specification: Dyson digital motor V9

Speed: Up to 110,000 rpm

Wattage: 1600W

Ionizer: Negative ions to help reduce static in the hair

Cable length: 8ft 10in (2.7m)

Construction

Glass filled nylon

Operation

Airflow settings: 3

Heat settings: 4

Temperatures: High heat: 212°F (100°C), Medium heat: 176°F (80°C), Low heat: 140°F (60°C), Cold shot: 82°F (28°C)

Primary flow: 13 liters/sec

Amplification factor: x3

Dry rate: 5.7g/min

Sound Power: 77 dB (A)

Logistics

Single unit order code: Iron/Fuchsia: US: 236197-01 CA: 236194-01

White/Silver: US: 236198-01 CA: 236196-01

Unit barcode: Iron/Fuchsia: US: 885609011288 CA: 885609011264

White/Silver: US: 885609011295 CA: 885609011271

Net weight (including cable and plug): US: 11lb 13oz CA: 11lb 12oz

Packaged weight: US: 8lb 9oz CA: 8lb 10oz

Packaged dimensions:

(L) 23.6in (601 mm) × (W) 10.5in (267 mm) × (D) 5.7in (147 mm)

Stand

Construction: Painted steel

Weight: 2lb 2oz (967g)

Fitting: Optional fixing method included – M6 x 60 mm screw, wing nut, washer

Standard warranty

2 year warranty – parts & labor

Accessories

Diffuser

Styling concentrator

Smoothing nozzle

Product range
