Sink specification
The Dyson Airblade Wash+Dry hand dryer is compatible with most sink types. Ensure plugs are not installed in the sinks and avoid inserts with embedded plugs (e.g. ones that swivel or elevate). If you would like assistance choosing a compatible sink or soap dispenser, email design@dyson.com or call 888-397-6622.
Using a specially designed test method, Dyson engineers evaluated the user experience of a wide range of sink types when used with the Dyson Airblade Wash+Dry hand dryer. For further details on our recommended sinks, please see the pre-installation guide on our website: dyson.com/docs
We recommend avoiding sinks with the following geometric characteristics: Flat bases immediately surrounding the drain hole, nominally within a 2½” (60mm) radius. Sloping back and front wall transitions in relation to the base of the sink. See our pre-installation guide for further details: dyson.com/docs
Sink dimensions:
All sink measurements are internal unless stated otherwise.
Minimum width of sink: 15” (380mm), Front to back – Minimum: 13” (330mm)
Minimum depth of sink: 9½” (240mm)
Maximum depth of sink for WD05 only: 8” (200mm)
(Sink materials: Sinks with highly polished surfaces should be avoided, e.g. reflective chrome. Porcelain or brushed metal is ideal. When multiple taps are installed side-by-side, tap centers should be a minimum of 22⅞” (580mm) apart.

WD06 Wall installation
The Dyson Airblade Wash+Dry hand dryer is designed so that the motor unit is located behind the stud wall within a metal enclosure which is supplied with the Dyson Airblade Wash+Dry hand dryer (Fig.1). The vertical wall studs must be constructed so as to allow the metal enclosure to be fitted between them (Fig.2). One of the horizontal wall studs must be fitted a) so it holds the main weight of the metal duct and the unit, and b) so it is in the correct position for the tap stem.

For complete instructions, please refer to the printed installation guide supplied with the machine. It's also available online at: www.dyson.com/docs
